

Music Lessons At Your School

If you are interested in learning:

Please talk to:

Start your exciting musical journey now!

If you are learning with a Hampshire Music Service teacher we can help you with hiring an instrument too

Learning to play an instrument or to sing can help improve skills across the curriculum by developing better concentration, focus, creativity, resilience and group-working.

It's also great fun!

Research shows that over time it can have a positive impact on numeracy, literacy, language etc. through developing brain pathways.

It can also lead to enriching experiences through bands, orchestras and choirs
