

Salut, Year 4!
Ça va?

Here are a few more ideas to help you practise your French!

Numbers

Can you remember how to say and recognise numbers 1-10?

4 9 1 8 10
6 2 7 3 5

Can you remember how to spell them? Have a go!

Find 9 of them below. What number is missing?

Let's try numbers 11-20!

11. onze	14. quatorze	17. dix-sept	20. vingt
12. douze	15. quinze	18. dix-huit	
13. treize	16. seize	19. dix-neuf	

If you have Internet access:

<https://youtu.be/UsEz58BblMY?t=10>

- Go back to find 11-20 in the wordsearch.
- Pellmanism - Make this pair game to play with at least one other person. Write the French and English numbers on separate cards. Grid attached to cut up, if required. You could use a different colour for each language. Turn all the cards upside down. Take it in turns to turn over two cards. If you find a pair, you keep it and have another go. If they aren't a pair, put them back where you picked them up from. The winner is the player with the most pairs at the end of the game.
- You could try any of the activities from last week with the new words.

I would love to see any French tasks that you do!
Please send anything you would like me to look at via the school office! This could be a photo, video, picture, etc.

Au revoir!
