

Year 3 – Week beginning 27th April

Reading	<ul style="list-style-type: none"> • Read for at least twenty minutes each day. • Choose an activity each day from the reading rainbow activities.
Spelling	<ul style="list-style-type: none"> • On the website is the Year 3/4 spelling list. Pick 10 spellings that you find tricky and practise them in 3 different ways (this could be 'look, write, cover, check', 'rainbow writing', 'pyramid spell', creating mnemonics, or your own creative way!). If this spelling list is a bit too tricky, try finding some words on the 'High Frequency Word List'. • Once you have practised your spellings, make sure you know what each of them mean and use them in a sentence! Try to challenge yourself to write a sentence that has all 10 of your spellings in!
Writing	<ul style="list-style-type: none"> • Grammar skills – The main focus for this week is to work on grammar skills. Complete some BBC bitesize tasks. See the link: https://www.bbc.co.uk/bitesize/tags/zmyxxyc/year-3-lessons/1 • Lessons to try – Identifying verbs, adjectives, pronouns and nouns lessons. • Writing Task – Can you write a 50 word story? I know this is tricky, but I'll add a few examples to show you. Choose what you would like to write about and remember to send them in.
Maths	<ul style="list-style-type: none"> • Mental Maths – Practise times tables and number bonds. Suggested resources include: Hit the Button and Loop cards on www.topmarks.co.uk and https://trockstars.com/ • Fractions - Follow this link to the White Rose Home Learning page https://whiterosemaths.com/homelearning/year-3/ . This week, complete Summer Week 2 lessons 1-4 and the Friday challenge. For each lesson, you can watch the video before completing the worksheets. If you can't print the worksheet, you could draw out the questions into your book/ onto paper, or just write the answers if you want to. Use the answer sheet on the White Rose Home Learning website to mark your answers and correct any questions where you may have made an error. • Extra challenge – Gareth Metcalfe from 'I see Maths' has put together some excellent problem-solving lessons. http://www.iseemaths.com/lessons34/ Try the 4 Triangles challenge.
Curriculum Task	<ul style="list-style-type: none"> • The Earth and its Structure - This week we will look at Science. Your task is to find out about the Earth's structure. What is the earth made of? Does it have different layers? What are Earthquakes? What are volcanoes? Why do we have these? Why were shark's teeth found on Everest? Present your work as a poster or leaflet or even an animation on Purple Mash. Use diagrams to help explain the processes. This is a tricky challenge, but you can do this. Mr Brewster loves rocks, so try to impress him.

Remember to do what you can. Take care and see you soon.

Mr Brewster and Miss Wood
