

Year 5 – week beginning 15th June

<p>Reading</p>	<p>Read for at least twenty minutes each day. Keep working through the reading challenges on this site: https://authorfy.com/10minutechallenges/ Choose another 1 or 2 to have a go at!</p>
<p>Spelling</p>	<p>Have a go at the SPaG mats attached. Don't forget 1 star is slightly easier and the 3 stars in harder. Challenge yourself!</p>
<p>Writing</p>	<p>This week's focus is: Persuasive Letters</p> <p>Click on the links (try one each day) and complete the activities.</p> <p>https://classroom.thenational.academy/lessons/persuasive-letter-reading-comprehension-inference https://classroom.thenational.academy/lessons/persuasive-letter-reading-comprehension-word-meaning https://classroom.thenational.academy/lessons/persuasive-letter-identifying-the-features-of-a-text https://classroom.thenational.academy/lessons/persuasive-letter-spag-focus-list-of-three https://classroom.thenational.academy/lessons/persuasive-letter-write-a-persuasive-letter</p> <p>Alternatively, you could think about the current situation with the Government's decision to have children in Year R, 1 and 6 return to school and not the other year groups. Write a letter to Boris Johnson to persuade him to either send everyone back to school before the summer holidays OR to persuade him to not allow everyone to return until September. Ensure you have planned your thoughts first with reasons to support your opinion.</p>
<p>Maths</p>	<p>This week's focus is: Calculating with whole numbers and decimals</p> <p>Click on the links (try one each day) and complete the activities.</p> <p>https://classroom.thenational.academy/lessons/decimals-to-represent-decimals https://classroom.thenational.academy/lessons/decimals-to-represent-multiplication-and-division-by-10-100-and-1000 https://classroom.thenational.academy/lessons/decimals-to-derive-addition-and-subtract-decimal-facts https://classroom.thenational.academy/lessons/decimals-to-add-decimal-numbers https://classroom.thenational.academy/lessons/decimals-to-subtract-decimal-numbers</p> <p>If these are too tricky, here are some easier options. https://classroom.thenational.academy/subjects-by-year/year-3/subjects/maths</p>

	<p>https://classroom.thenational.academy/subjects-by-year/year-4/subjects/maths</p> <p>Alternatively, have a go at the sheets attached on calculating with decimals.</p>
French	See attachment from Madame Miller
Curriculum Task	<p>This week's task is linked to the English work you'll be doing about persuasive writing.</p> <p>We've been learning about Brazil in our topic sessions at school. This week we have focused on the Amazon Rainforest- the largest jungle in the world. It is an incredibly diverse area that is home to an incredible number of animals and plants.</p> <p>Rainforests are being cut down at an alarming rate. An area of rainforest the size of a football pitch is cut down every few seconds. There are lots of reasons why this is a bad thing.</p> <p>Your task is to research the Amazon rainforest and find out why people chop it down as well as finding out why rainforests are important to us.</p> <p>When you have done your reseach, create a leaflet that could persuade people not to cut down the trees. Try to explain why it is important to leave the rainforest undamaged.</p> <p>We look forward to seeing what you can do!</p>

Mrs Smallwood and Mr Ewins
