

Year 4 – week beginning 8th May

<p>Reading</p>	<ul style="list-style-type: none"> • Read as much of <i>First News</i> as you can We have uploaded a free copy of the children's newspaper onto the Year 4 website. You could read a couple of pages a day to keep up to date with the news. There are also some puzzles and games on pg.14-15. • Ten minute reading challenges Choose another three reading challenges found at: https://authorfy.com/10minutechallenges/
<p>Handwriting</p>	<ul style="list-style-type: none"> • Poem Copy the poem <i>The Owl and the Kangaroo</i> in your neatest handwriting. • Further practise If you'd like to practise your handwriting more, there are some great activities at: https://www.teachhandwriting.co.uk/
<p>Writing</p>	<ul style="list-style-type: none"> • Report Comment If you haven't already sent in your report comment, please could you do so as soon as possible. Please include a photograph of your child in the email, along with a piece of writing for us to include in their end of year report. • Write about organs in the digestive system It would be better to complete this after the topic work! Watch this video on the digestive system: https://www.youtube.com/watch?v=ZBZWgrfZFbU Choose 5 organs involved in the digestive system. Research each organ and write a paragraph about it's function. Don't forget to include: subheadings, conjunctions (<i>therefore, since, as, however, which, because</i>), fronted adverbials and commas. • Design a poster On paper, plan a poster which labels the different organs in the digestive system. Can you publish it using Microsoft Word or Publisher on your computer? • <i>Horrible Science: Disgusting Digestion</i> This is the text we would have been reading in class which you may want to read at home.
<p>Maths</p>	<ul style="list-style-type: none"> • I See Maths You can access daily video lessons with downloadable activities via the following website: http://www.iseemaths.com/lessons34/ Please complete the daily lessons for this week, starting with 8th May. • MyMaths Complete the MyMaths tasks that have been set at www.mymaths.co.uk – we're very proud of those • Times Tables Rockstars Well done to those of you who have been regularly logging on to TTRockstars - we can see how much some of you are improving with your fluency and speed!

<p>Curriculum Task History & Art</p>	<p><u>Superhumans!</u> We will now be starting our second topic of the summer term which focuses on the human body (in particular the digestive system as well as different types of teeth and their simple functions).</p> <ul style="list-style-type: none">• Do you know where the organs are? On large paper (or using chalks on the ground!) politely ask someone at home to draw around you, so that your body is outlined. Using the challenge cards, draw where you <i>think</i> the organs belong. Once you have drawn them all, look at the diagram of the human body on the Y4 website. Did you get any of them right? Which did you get wrong? Are you surprised by the location of any?
