toys

bath

bedtime

feed the dog

feed the cat

getting dressed

getting undressed

brush hair

put shoes on

Activities to do at home:

- Talk through these pictures with your child and talk about when you might do them in the day. Some of them you might do more than once in a day.
- Play a game of guess what picture – one player chooses a picture and the other player has to guess which picture they are thinking of.
- See if you can create your own pictures of activities that may not be shown above.
- Create your own daily routine with your own pictures, you may want to create one for each member of the family!
