These are some recommended reads for the upcoming science unit, 'Welcome to the Jungle!' It is really important that the children in Year 3 read and are read to regularly. Reading not only expands their vocabulary (which improves their writing in class), but it also expands their understanding of the world. Any reading that your child does should be written in their reading diary.

If you read any other books related to the plants or the environment, please let us know so that we can add them to our recommended list 😊
