

Rosie went into the sweet shop with 10p to spend.

What could she buy if she wanted to spend all her money?

Henry chose 8 sweets. What could he have bought?

Katie bought the same number of sweets as James but she had 3 different kinds. Which sweets did she buy?

Alice, James, Katie and Henry went into the shop too. They each had 20p to spend and they all spent all of their money.

James spent his money on just one kind of sweet, but he does not like chews. Which sweets did he buy?

Alice bought at least one of each kind of sweet. Which one did she have two of?
